Pacific Customs Brokers will be offering an *ACI eManifest session* for carriers and self-carrying importers. This session will answer questions, offer practical solutions and help assist with preparation for the ACI eManifest regulations to **take effect November 1, 2012**. The intent of the ACI Program is to provide Canada Border Services Agency (CBSA) officers with electronic pre-arrival cargo and conveyance, shipper and importer data prior to arrival at the border. This session will be of interest to: truck owners and operators, self-carry importers, operation managers, drivers, dispatchers, shippers. **May 1, 2013**, when ACI eManifest-enabling regulations are expected to be in place, requirements will be mandatory and non-compliant carriers could be **subject to penalties**. Additionally, it is important to note that even though you may be set up for ACE eManifest into the USA you will still be required to set up for ACI eManifest into Canada.
