CFIA Regulated Goods

Pacific Customs Brokers is hosting a webinar on Canadian Food Inspection Agency (CFIA) and the importation of regulated goods. In this 75 minute session, you will gain a better understanding of the interaction between CFIA and Canada Border Services Agency (CBSA), licensing, permits and documentation requirements. The knowledge you will acquire will streamline your shipments rather than trigger costly delays. Whether you are a novice or an experienced importer of CFIA regulated goods, this is a great opportunity to receive cost-effective training or refresh your cross border awareness from the comfort of your desk.

CFIA Regulated Goods & Related Industries:

Seafood, produce, grocery, meat, wood & lumber, horticulture, livestock, animal feed & drugs, pet food, supplements.

Topics Covered:

- > About Canadian Food Inspection Agency (CFIA)
- > Acts and regulations
- > Licensing, imports and permits
- > Documentation requirements
- > Wood packaging - Canada and USA
