Part II. Importing into Canada

Pacific Customs Brokers is hosting part 2 of its webinar series *Importing into Canada* on Thursday, January 23, 2014. This 45 minute session delves further into the topics previously covered in the webinar *Basics of Importing into Canada*, part 1. It is recommended you attend part 1 of this series before joining part 2. In this session, we will cover several international shipping must-knows such as: H.S. tariff and classification, Canadian and excise tax, non-resident importer, methods of valuation, ACI eManifest requirements and Customs audit preparation and examinations. At the end of the session, we will allow time for questions and answers.
